

Parking advice

This document is meant to give people that are visiting our office at Gelind 20 (5421 BN) in Gemert, advice of where to park their car. This are three of the best options:

Gelind 2

Best is to park at Gelind 2, because this parking area has no time limit and is free.

Gelind 1

If there are no spots left at Gelind 2, you can also park at Gelind 1. It's a free parking, though this area has a time limit. You can park your car there for a maximum of two hours, and you need to put a parking card behind the front window of your car. If you don't have a parking card (see right image), you can get one at our office that you can borrow.

Hofgoed

If there are no spots at Gelind 1 or 2, parking at Hofgoed is also a possibility. It's free and there is no time limit or parking card needed.
